Quand on est dans le popup de la photo, la hauteur max est limitée à 962 px pour le popup et 502px pour la zone photo.
J'ai aussi agrandit la popup à 1191 px de large pour qu'on puisse visualiser l'image en plus grand. Il y a un icône à côté de celui du commentaire (sous la photo) qui permet de visualiser la photo dans un autre onglet.

Est ce possible au scroll (pour lire les commentaires) de réduire la hauteur de la zone photo (315px)?
Le champ pour écrire un commentaire est toujours présent en bas du popup

Est ce possible au scroll #2, de garder la partie du haut (avant photos) visible en tout temps ? Si pas possible, voir la suggestion pour le bouton pour l'écran « Donations »
